EAST DOWN YACHT CLUB 2024

Booking Conditions for powerboat, dinghy, and keelboat courses.

This document sets out the conditions for booking a course at EDYC from 1st April 2024 until further notice. EDYC Courses are for members only and will generally be provided on a session basis. Course completion generally will require multiple sessions spread over several days to achieve the 16 hours minimum participation recommended for RYA courses. The RYA permits EDYC to offer individuals and small groups sailing single handed boats intensive courses leading to certification after a minimum of 8 hours, of which 6 must be on the water, excluding time needed for arrival, changing and breaks. To facilitate that, participants will only need to book and pay for the individual sessions attended. If you would like a particular course please email your requirements to edycprincipal@gmail.com

Participants are encouraged to arrive in their sailing gear, and with their own food, drink and utensils for the day.

Booking details will be provided to those showing interest, as courses become available. Bookings are not confirmed until acknowledged by the Principal or Club Secretary, and that may not take place until close to the commencement of the course.

Sessions will generally be 09:00 – 12:30, 1300 – 14:30, evenings 18:15 – 21:30, a full day 09:00 – 17:00, or as weather and tide permit, or otherwise by arrangement with the club principal.

✓ Useful information for you to keep

EDYC provides training leading to RYA qualifications in dinghies and power boats only. The number of participants for dinghy training is limited to approximately 18, and 9 for basic power boat courses. Numbers will be kept under review.

Sail training takes place in Toppers (5), RS Fevas (6), Laser Pico (1), Optimist (1), and Wayfarer (1) dinghies, and a Leisure 17 Keelboat (1). Powerboat Training is provided in 3 Rigid Inflatable Boats and 1 Heavy displacement boat.

Parents are asked to familiarise themselves with their responsibilities for children at our Child Protection Policy available on our website.

Course requirements

Participants are required to be confident swimmers. Courses take place in the sea area adjacent to the Yacht Club, between the Dorn and Don O'Neill Island, and within 3 Nautical Miles of the club slipway. Participants can expect to meet the normal range of hazards and difficulties involved in dinghy sailing and open powerboats. These include dinghy capsize and immersion in sea water, exposure to the weather, and collisions arising from the close proximity of boats sailed by novices. Powerboat participants are not expected to enter the water or experience collisions.

To mitigate these risks participants are required to:

- Submit at all times to the instruction and advice provided by the instructing staff;
- Provide their own personal protective equipment and clothing, including the items listed below, and
- Ensure that boats provided by participants are seaworthy, insured against third party liability for a sum of at least £3,000,000 (three million pounds sterling), and indemnify EDYC and its Instructors from any liability whilst the boat is participating in a training course, whether the boat is under command by the Instructor or not.

Protective clothing and equipment is to be provided by participants. A Buoyancy Aid is required, marked to BS EN 393:1994 50N or better for dinghy courses, and either a Buoyancy Aid or lifejacket for powerboat courses. A **Wetsuit** (Full length) or surface Drysuit is required for dinghy courses. A shorty wetsuit offers minimal protection to exposure and jellyfish stings. A **Windproof outer layer is required**. A wetsuit on its own will not be sufficient for this purpose.

Footwear offers protection from cuts and abrasions and should always be worn, including afloat. Old trainers are an inexpensive first option, but many sailors progress to neoprene dinghy boots because of the ease of drying after use and the improved stability in the boat. **Wellingtons are not acceptable** as they can increase the level of difficulty in a capsize.

Gloves (inside dishwashing gloves) and especially a **hat** reduce exposure and improve the degree of comfort available to novice sailors. A baseball hat reduces glare. Inexpensive items are advisable as loss at sea is common.

Sun-bloc Factor 30 and above, waterproof. There is a high risk to exposed skin from the sun, reflected glare and wind.

A **change of clothing** is advised. Participants are encouraged to arrive and in their sailing gear.
